A childrens astronomy book can open young minds to the vistas of the Universe. Dinosaur books take young minds into the deep past. Other nonfiction books help children see how their ancestors lived, by telling the stories of daily life in ancient times. Young adult books are driving the fiction market; often making the leap

This is a book that tells you to imagine the life an ordinary Japanese-American family living in Puget Sound, US after emigrating from Japan and incidents that happened during the time of imprisonment. Here the writer Mary Matsuda Gruenewald expresses her own life story. It is a touching disclosure of her life in the internment camp.
