Piston Ring Basics. The principal function of the piston rings is to form a seal between the combustion chamber and the crankcase of the engine. The goal is to prevent combustion gases from passing into the crankcase and oil from passing into the combustion chamber. During the compression and power strokes, the compression ring seals the ...

Piston Ring Basics

About Us. For more than 95 years, Grant Piston Rings has been a prime manufacturer of quality piston ring sets for passenger cars, light trucks, industrial engines, air brake compressors and motorcycles. We use only the highest quality raw materials and manufacturing standards. Grant Piston Rings began in 1922 during the time of the Ford Model T. Much of Grant's original recognition came from its support and service to the California race car and hot rod industry.

About Us

Gerry Grant realized that engines did not last that long in the early days of the automobile and he capitalized on this by first selling rebuild kits and then going into the piston ring manufacturing business. Grant was involved in all types of Motor Racing from hill climbs to Streamliners to the Indy 500.
